Dear Sir:

This is a petition to withdraw holding of abandonment based on failure to receive office action, for my patent application # 10 680 422 .

Your last office communication send to me
Herbert Pardo
41 81 SW 56 Terrace
Davie FL 33314
For the application fee etc. was answer with the corresponding check. After this I did not received any more office communications. After waiting for some time I decided to call your office, and your representative informed me, that your office received my application fee etc. but that there was another communication office that I did not answer, they checked the records and found out that they had send it to the wrong address, and that was the reason why I did not received any more mail.

Kindly

Herbert Pardo
